Automating Your Automated Programming

How to manage 100 hours of automated programming in minutes a week, plus how to use Audioport to make it easier for stations to use your programs

Overview

- For stations: Using Audioport's RSS feeds can greatly simplify the process

- For producers posting to Audioport: How to make your shows easier to automate

- For Pacifica: How Audioport's RSS can be improved

Who is here?

- Station managers/operations managers?
- Content providers to Audioport?
